Enrollment at Universität Hamburg will take place digitally in the winter semester 2021/22. Documents sent in paper form by post will not be considered. You will receive a link to the digital enrollment application with your letter of admission. Please note that you must enroll within 7 days after receiving your letter of admission. This deadline is final; no extensions can be granted.

Please check your documents carefully using this checklist. The documents highlighted in colour must be uploaded within the enrollment deadline, otherwise your admission will no longer be valid. If there are no documents highlighted in colour in this checklist, there are no documents for your degree program that must be uploaded within the enrollment deadline. You can submit the remaining documents later without jeopardizing your admission. Submitting documents at a later date may mean that you only receive your permanent semester documents (proof of enrollment, BAföG certificate, and semester public transport pass) after the semester has started. Please send us any later submissions via www.uni-hamburg.de/submit-later.

Without exception, all applicants (including students who have already enrolled) must upload the following documents:

<table>
<thead>
<tr>
<th>Applicant Group</th>
<th>Proof/Document(s)</th>
<th>Format</th>
</tr>
</thead>
<tbody>
<tr>
<td>All applicants</td>
<td>• First degree certificate</td>
<td>Uncertified copy*</td>
</tr>
<tr>
<td></td>
<td>• Proof of health insurance</td>
<td>Uncertified copy</td>
</tr>
</tbody>
</table>

- **First degree certificate**
  - If not yet available, you must submit this at the latest by the end of the first subject semester of your master’s degree program (31 March or 30 September).
  - Note: The degree certificate information will automatically be transmitted for graduates of Universität Hamburg who will obtain their degree during the first subject semester of their master’s degree.
  - Graduates of Universität Hamburg who have already received their transcript must upload an uncertified copy.

- **Proof of health insurance**
  - For more information (also on private health insurance), see www.uni-hamburg.de/kven.
  - If you are already enrolled at Universität Hamburg and are only changing the degree program or subject, no proof is required.

For more information about the procedures following enrollment, see www.uni-hamburg.de/pe.
