Checklist: Proof and Documents for Enrollment
Master's Degree Programs—Winter Semester 2023/24

In the winter semester 2023/24, enrollment at Universität Hamburg will take place digitally. Documents sent in paper form by post will not be considered! You will receive the relevant information on the digital enrollment application with your admission letter. Please note that you must enroll within 7 days after receiving your letter of admission. This deadline is final; no extensions can be granted.

Please check your documents carefully using this checklist. The documents highlighted in colour must be uploaded within the enrollment deadline, otherwise your admission will no longer be valid. If there are no documents highlighted in colour in this checklist, there are no documents for your degree program that must be uploaded within the enrollment deadline. You can submit the remaining documents later without jeopardizing your admission. Submitting documents at a later date may mean that you only receive your permanent semester documents (proof of enrollment, BAföG certificate, and semester public transport pass) after the semester has started. Please send us any later submissions via www.uni-hamburg.de/submit-later.

Without exception, all applicants (including students who have already enrolled) must upload the following documents:

<table>
<thead>
<tr>
<th>Applicant Group</th>
<th>Proof/Document(s)</th>
<th>Format</th>
</tr>
</thead>
</table>
| Bachelor's degree obtained abroad | • Proof of German language proficiency  
See www.uni-hamburg.de/german-language.  
Not required for degree programs exclusively in English,  
see www.uni-hamburg.de/list-master. | Uncertified copy* |

Degree programs requiring English language proficiency
<table>
<thead>
<tr>
<th>Proof/Document(s)</th>
<th>Format</th>
</tr>
</thead>
</table>
| • Proof of English language proficiency  
See www.uni-hamburg.de/list-master.  
Not required if proof of English language skills was already required and submitted with the application. | Uncertified copy* |

Note on health insurance
In order to be enrolled, you must either have statutory health insurance or obtain exemption from insurance through a state health insurance agency. Your status (insured or exempt) is transmitted to the universities by the state health insurance agencies via an electronic procedure. Thus, once you receive an acceptance letter, contact a public health insurance provider immediately and have yourself insured or exempted so that Universität Hamburg can be notified about your insurance status. As long as your insurance status is not reported to Universität Hamburg, you will not be enrolled and therefore will not receive semester documents. Further information, in particular about exemption, is provided here: www.uni-hamburg.de/kven.

* You may be asked to provide the documents marked with * as certified copies during the course of your studies. In this case, you will receive a message in your STiNE account. You will be given sufficient time to have your documents certified. For more information see www.uni-hamburg.de/certification.

For more information about the procedures following enrollment, see www.uni-hamburg.de/pe.
