

Bringing children to PIASTA program events—parental responsibilities of students and doctoral students enrolled at Universität Hamburg and exclusion of liability

By signing this document you agree to the following terms and conditions:

1. The events often take place during evenings or weekends. The option of bringing along children to these events is intended to enable students and doctoral students of Universität Hamburg to participate in these activities without needing to organize childcare. As the events are planned for students and doctoral students, they are not suitable for children. If events are held on the premises of third parties and/or are organized by third parties, their terms of use shall apply in addition to those listed here.
2. Immediately after registering online for an event, participants are obliged to inform the PIASTA Team that they will be bringing a child/children by sending an email to piastakultur@uni-hamburg.de. PIASTA will research relevant information with the external provider and/or event locations to the best of its ability (e.g., age limits, restrictions on group size, additional costs for the children). However, PIASTA does not accept any liability for the accuracy of this information. In the event of illness, you may not bring your child. In such cases you will not be entitled to any reimbursement of costs. However, PIASTA will endeavor to arrange for reimbursement.
3. The participant brings a child/children to an event at his or her own risk. For the entire duration of the event, the duty to supervise any children whom the participant has brought to the event lies entirely with the participant. The child/children are not permitted to be on the premises unsupervised at any time. Children are not covered by the accident insurance of Universität Hamburg. These terms and conditions also apply for the journey to and from the event.
4. Only in cases of intent or gross negligence shall the University and/or the organizers (PIASTA) be liable for injuries to the child/children or damage to any items which have been brought along such as toys.
5. In the event of a culpable breach of the duty of supervision resulting in damages for the University or its employees, Universität Hamburg reserves the right to seek compensation.
