

Full-time university teaching staff with doctorates who oversee courses throughout an entire semester can issue the evaluation. Please submit this evaluation by email to the Department of International Affairs (for Hamburgglobal: hamburgglobal.pv@uni-hamburg.de; for the Central Student Exchange Program: zentralaustausch@uni-hamburg.de).

Handout for teachers

Preparing evaluations for the mobility programs
Central Student Exchange Program and Hamburgglobal

Who is permitted to prepare an evaluation?

You are permitted to prepare an evaluation if you belong to one of the following groups:

- professors and other full-time teaching staff with doctorates at Universität Hamburg
- professors emeriti of Universität Hamburg who are active in teaching
- acting professors (*VertretungsprofessorIn*) with doctorates at Universität Hamburg for at least one semester
- senior physicians at the University Medical Center Hamburg-Eppendorf

In exceptional cases, and after prior consultation between the Outgoing students Team and the students, the following groups may issue an evaluation:

- research associates at Universität Hamburg
- language tutors at Universität Hamburg

For the **Central Student Exchange Program**, one of the two evaluations may be prepared by a teaching staff member with a doctorate who is not based at Universität Hamburg.

Am I permitted to prepare evaluations for students who I hardly know or do not know at all?

You are not expected to personally know the applicant well in order to prepare an evaluation, as this is not possible in many larger subjects or at the beginning of studies. The prerequisite is that the student has taken one of your courses or has completed some other form of coursework. You can then prepare your evaluation on the basis of written documents—for example, the documents for the study abroad application—or even a short interview. **Master's students** who have just switched to Universität Hamburg and who, due to deadlines, have to apply for a period abroad directly at the beginning of their studies find it particularly difficult to find an evaluator. We therefore ask for your support in these situations.

Why are evaluations necessary?

Because all applications are assessed by an interfaculty committee, evaluating academic achievements is difficult due to different grading cultures. Expert evaluations are thus a key aspect of academic assessment. In addition, the majority of partner universities and host institutions require that applicants submit evaluations for admission.

Thank you for supporting our students' international mobility. If you have further questions, contact Annette Listmann, head of the Study Abroad Team:
annette.listmann@uni-hamburg.de or Tel: +49 040 42838-7281.
